**Trip Code: TTSSA01**

**2 – 6 People in one safari car 4x4**

**Camping Safari:** Enchanting landscapes, the snow-capped Kilimanjaro and the almost indescribable magnificence of the abundance of animals inspire every visitor again and again. Whether you're admiring the colorful bird life at Lake Manyara, watching the kings of the beasts at the bottom of the Ngorongoro Crater, watching the Lions, marveling at the concert of thousands of colorful flamingos or encountering huge herds of wildebeest in the legendary Serengeti, there are great spectacles everywhere in a wide variety of abundance. Experience the most diverse animal worlds in the national parks. Here you will most likely encounter the "Big Five".

**Day 1: Kilimanjaro - Arusha**

You are already in Arusha or Moshi, or you are landing at Kilimanjaro International Airport today. . You will be picked up and driven to your hotel (about 45 minutes). The rooms have a private bathroom with shower and toilet as well as air condition. In the restaurant you will find a typical Tanzanian breakfast, which is served as a buffet. For lunch and dinner you can choose from a Menu. Overnight at Venus Hotel (B)

**Day 2: Tarangire National Park**

After breakfast drive to Tarangire National Park for wildlife viewing. The name came from its river, which meanders through the entire park. The Tarangire National Park is extremely famous and special for its diverse landscape and vegetation zones. While you drive north through a rolling hilly landscape in which the huge baobab trees have developed a mighty population, you continue through a dry savannah with umbrella acacias. Also impressive are the candelabra trees, a cactus-like milkweed plant whose "candles" fan out into the sky. The river attracts a lot of diverse animals and you should be able to spot a lot of elephants, giraffes, lions, antelopes and zebras. Tarangire has the second densest concentration of wild animals after the Ngorongoro Crater. Overnight in Tents at Al Samo Manyara Campsite (B, PL, D)

**Day 3: Tarangire - Serengeti National Park**

Early in the morning we continue through the Ngorongoro mountain range to the legendary Serengeti. If you like and time permits, you can visit a Maasai village. You can get to know the Maasai way of life and culture better. The landscapes in the Serengeti alternate between short and long grass areas, acacia savannas and hilly, lightly forested areas. Almost all large animal species in East Africa (except for rhinos) are at home here in large populations. One of the largest populations of hyenas and cheetahs reside here. Special feature: the migration, a gigantic migration cycle in which approx. 2 million animals search for their annual way in a more than 300 km long march depending on the dry and rainy season. Continue to your camp. You spend the night in a traditional tent camp, from where you can experience the beautiful landscape of the Serengeti with its wildlife very close. The annual migration of around 2 million animals runs past the camp between June and August. Enjoy beautiful evenings around the campfire under a starry sky. Overnight in Tents at Seronera Camp Site (B, PL, D)

**Day 4: Serengeti Full Day**

Early in the morning drive for animal watching. After breakfast at the lodge, embark on a full day game drive in the Serengeti. The Serengeti is scattered with woodlands, plains, hills and famous granite Kopjes. Overnight in Tents at Seronera Camp Site (B, PL, D)

**Day 5: Serengeti - Ngorongoro Crater**

After breakfast, our Guide will pick you up for the early morning game drive in the Serengeti. Continue towards Ngorongoro. Visit the Olduvai Gorge, the "cradle of mankind" where the earliest prehistoric finds were discovered (Optional). Drive into the Ngorongoro Crater. Enjoy Wildlife viewing in the crater with picnic lunch. The crater is home to almost all East African big game animals in high concentrations (depending on the season 15,000 - 30,000 animals). It is the wildlife sanctuary with the highest animal population on earth and is rightly called an animal paradise. With the exception of giraffes, which cannot climb the steep rims of the crater, everything that has status and reputation in East Africa is represented. Overnight in tents at Al Samo Manyara Campsite (B, PL, D)

**Day 6: Ngorongoro - Lake Manyara National Park - Arusha**

Early morning drive to Lake Manyara National Park. Go for a game drive in the park with picnic lunch. Within the park there is a groundwater forest with 30 different tree species and a wide variety of ground plants, which ensure a tropical atmosphere and

prevent the area from drying out. About 20 to 30 tree lions, some leopards and monkeys of different species live in the park. Giraffes, impalas, wildebeests, zebras, hippos and large herds of buffalo predominate there. Continue to Arusha to your Hotel. Here you can relax, dine out in Arusha, or simply enjoy a sundowner by the pool. Overnight at Venus Hotel (PL, B)

**Day 7: Arusha – Home Town**

After Breakfast, transfer to the airport to catch your flight back home

**TOTAL PRICE PER PERSON IN A DOUBLE ROOM (INTERNATIONAL FLIGHT NOT INCLUDED):**

**High Season 01.06.2024 – 31.12.2024/01.01.2025-31.03.2025/01.06.2025 – 31.12.2025**

Price per Person in a double room:	2ppl	3 ppl	4 ppl	5 ppl	6 ppl	SRS
